Rules summary

- During the contest a dedicated IP addresses segment inside the contest IP range will be explicitly allocated to each team based on individual MAC registration. Ethernet wired connections only are considered. MAC registration is possible on-site using a dedicated web interface available at http://priv.usv.ro , from the main wired network.
- The teams are encouraged to use their own laptops but the organizers can provide Windows PC systems, based on a prior demand. Displays with D-sub/VGA connectivity are also available. Custody procedures, if necessary, will be deployed at C307 (building C)
- The advisers access into the competition labs is forbidden after the contest starts
